OBJECTIVE

To acquire a full-time Software Engineering position after May 2015 at a company that offers engaging work and encourages teamwork and professional development.

EDUCATION

September 2010 - May 2015

Rochester Institute of Technology (RIT)
Bachelor of Science: Software Engineering

RELEVANT COURSES

Computer Science I-III	Engineering Secure Software
O-O Programming	Engineering Web-Based Software
Intro. CS Theory	Engineering of Enterprise Systems
Software Testing	Software Req.& Architecture
SE Professional Comm.	Concurrent Software Systems

TECHNOLOGIES

Java	MS Visual Studio
JavaScript	Tortoisesvn
HTML5	JUnit
Ruby	Chrome Dev Tools
Python	Eclipse
MS Office Suite	Sublime

EXPERIENCE

September 2014 - Present
Senior Project
Software Engineering Student

Re-engineering RIT's Co-op Evaluation System by using newer, innovative web technologies to improve performance and user interaction. Will be using an agile methodology and utilizing detailed documentation.

June 2013 - December 2013
Parametric Technology Corporation
Software Engineering Intern

Created a prototype application using D3 and Crossfilter JavaScript libraries that provides interactive filtering of large data sets that were integrated into one of the company's shipping products. Participated on a team of senior software engineers that reproduced and fixed defects on multiple products. Implemented the server-side controllers for a Data-Dictionary in Java which pulled data using Spring-MVC.

June 2012 - May 2013
Insight Lab
Education Technology Developer

Created and presented a top ten exhibit "Space Adventure" at Imagine RIT. Engineered the structure of the exhibit, and gained experience with Microsoft Kinect Development, creating gestures that were used to send commands signifying different key presses. Presented the Insight Lab's "Digital Solar Explorer" project at RIT's Summer 2012 Research Symposium.

INVOLVEMENT

Fall 2012 - Present
Pi Kappa Pi Fraternity
Recruitment Chair

Involves planning, advertising, and overseeing events to recruit new members to the fraternity. Coordinated the event schedule, advertising plan, catering and entertainment for a pig roast with over 200 attendees. Utilized interpersonal relationship and communication skills to conduct interviews with over 50 potential members.
